

Guidelines for Submission.

What you will need?

In order to participate in our Roe video montage you must have a gadget (camera phone, digital camera, or camcorder). If you don't own one of these electronic products, see if your school art department, women's center, or student leadership center has one that they loan out. If you don't have video capabilities—make a sign, take a picture, and submit that instead. We'll take it all!

What formats we will accept?

Choice USA will accept AVI, .MOV, .WMV and MPG formats for editing. However, if you can avoid .WMV files it would be appreciated as they have lower playback quality.

What are the qualifications?

We don't ask for much! Just make sure you tell us what Roe v. Wade means to you! Oh, and, all submissions should be under 2 minutes long.

Remember, we're asking you to tell us:

What Roe vs. Wade means to you...

- ...as a student
- ...as a young person
- ...as a women
- ...as a person of color
- ...as a man
- ...as a queer person
- ...as a feminist
- ...as a mother
- ...as an activist
- ...as a daughter, etc.

Be creative—use this as a way to express yourself—whether it is through sock puppets or a song, use your talents to make your clip unforgettable!

How to submit

Please send all submissions to leadership@choiceusa.org

→ from your video camera:

- 1) Shoot your video
- 2) Connect your camcorder to your computer (or a computer at your school) through USB or Firewall Ports
- 3) Go to My Computer and find the drive to which your camcorder is connected
