

Call-In Day Script

Hi. My name is _____. May I please speak with the Senator's lead aide on health?

(after they transfer you to the right person in the office)

Hi. My name is _____ and I am calling from _____. The House recently passed the Stupak Amendment with their reform Bill. I'm calling to urge Senator ____ to fight to keep similar language out of the Senate Bill when it's debated on the floor. We deserve healthcare reform that advocates for everyone and provides comprehensive coverage for women. Rent, bills, tuition and basic insurance premiums are already difficult for working people and students to juggle. Paying out of pocket for healthcare that was promised as part of reform is unfair.

Will Senator ____ work to keep language like Stupak's out of the Bill?

(Wait for response)

As a woman/student/young person I don't want to be sacrificed in the name of compromise, budgets and deadlines. Please also ask Senator ____ to make sure the Hatch Amendment that would refund abstinence only is out of the Bill by Conference as well.

Thank you and please thank Senator ____ for standing up for the women and young people in (State)!
